To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

With reference to Government Order No 3318-20/Ed 71 19-76 of the 11th September 1897, I have the honour to inform you that in the original estimate of the new building of the Channapatna High School provision was made for concrete floor to the rooms and that the Executive Engineer, Bangalore Division now proposes that it is desirable to have Cuddappa slab flooring for a large school house as the concrete floor generally breaks up and requires periodical repair. I agree with them in thinking that Cuddappa slabs are much better than concrete flooring for a large school building like the one under construction at Channapatna

Ref No 101 of file

The charge of the items will cause an extra cost of Rs 467/- as per estimate enclosed herewith for reference and obliging return when done with. I request that Government may be pleased to sanction the excess amount of Rs 467/- from the allotment for "Taluk School Buildings" in the State Funds Budget of the Education Department for the current official year 1899-1900
